#1 Cycle Center is not your usual Harley-Davidson ® motorcycle shop

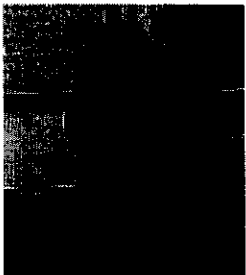

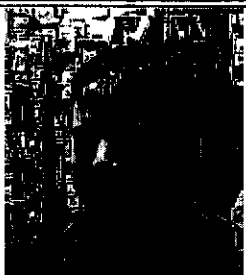

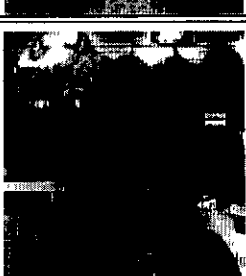

Company Profile

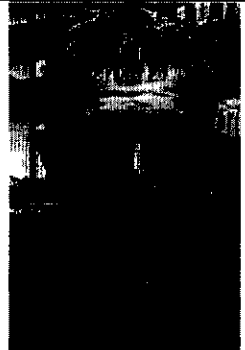

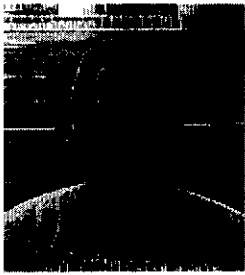

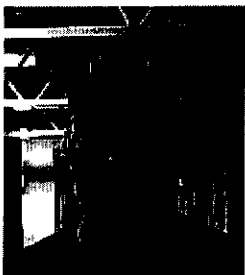

#1 Cycle Center was established in 1976 by Mr Yearick (Gov) when he purchased the 2,500 square foot Pleasant Gap, PA dealership. The original store sold a total of four (4) motorcycles per year. Through the hard work of its dedicated employees, #1 Cycle Center flourished. #1CC has always specialized in providing customers with quality Harley-Davidson ® Sales & Services. Our reputation for quality is what has driven our growth in the past. Continuously improving the quality of our relationship with customers and the processes we use to deliver products and services to them will be what drives our future success.

By 1990 #1CC had outgrown the Pleasant Gap facility so the dealership re-located to Centre Hall, PA and expanded it's facility to 12,500 square feet on the outskirts of State College, PA near Penn State University. By 1999, the dealership had once again outgrown its capacity. #1CC moved its operation to its present location and built a brand new 30,000 square foot facility. Here's how to get here. Go here to take a virtual tour.
